Safe Harbor and Other Disclaimers

Non-Solicitation: This presentation (the "Presentation") is for informational purposes only and does not constitute an offer to sell, a solicitation of an offer to buy, or a recommendation to purchase any equity, debt or other financial instruments of National Energy Services Reunited Corp. and its group companies ("NESR" or "the Company"), or its respective affiliates' securities (as such term is defined under the U.S. Federal securities laws). This Presentation does not purport to contain all of the information that may be required to evaluate a potential investment in the Company, and you should seek your own legal, accounting and other relevant professional advice.

All information herein speaks only as of the date hereof, unless stated otherwise. Neither NESR nor its affiliates undertake any obligation to update or otherwise revise any information contained in this Presentation.

Use of Projections: This Presentation contains certain financial forecasts with respect to the Company. These financial projections have been provided by the Company's management team, and their independent auditors have not audited, reviewed, compiled, or performed any procedures with respect thereto for the purpose of their inclusion in this Presentation, and accordingly, do not express an opinion or provide any other form of assurance with respect thereto for the purpose of this Presentation. These financial projections should not be relied upon as being necessarily indicative of future results. The inclusion of such information is not an admission or representation by them that such information is material. In this Presentation, certain of the above-mentioned financial projections (in each case, with an indication that the information is an estimate and is subject to the qualifications presented herein) have been prepared for purposes of providing comparisons with historical data. The assumptions and estimates underlying the projections are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in the projections. Accordingly, there can be no assurance that the prospective results are indicative of the future performance of NESR or that actual results will not differ materially from those presented. Inclusion of the financial projections in this Presentation should not be regarded as a representation by any person that the results contained in the projections will be achieved. The information contained herein is not a guarantee of future performance.

Forward-Looking Statements: This communication contains forward-looking statements (as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended). Any and all statements contained in this communication that are not statements of historical fact, may be deemed forward-looking statements. Terms such as "may," "might," "would," "should," "could," "project," "estimate," "predict," "potential," "strategy," "anticipate," "attempt," "develop," "plan," "help," "believe," "continue," "intend," "expect," "future," and terms of similar import (including the negative of any of these terms) may identify forward-looking statements. However, not all forward-looking statements may contain one or more of these identifying terms. Forward-looking statements in this communication may include, without limitation, the plans and objectives of management for future operations, projections of income or loss, earnings or loss per share, capital expenditures, dividends, capital structure or other financial items, the Company's future financial performance, expansion plans and opportunities, completion and integration of acquisitions, and the assumptions underlying or relating to any such statement.

The forward-looking statements are not meant to predict or guarantee actual results, performance, events or circumstances and may not be realized because they are based upon the Company's current projections, plans, objectives, beliefs, expectations, estimates and assumptions and are subject to a number of risks and uncertainties and other influences, many of which the Company has no control over including the impact of the delayed SEC report filings on our business, the extent of any material weakness or significant deficiencies in our internal control over financial reporting and any action taken by the SEC including potential fines or penalties arising out of the SEC inquiry. Actual results and the timing of certain events and circumstances may differ materially from those described by the forward-looking statements as a result of these risks and uncertainties. Factors that may influence or contribute to the accuracy of the forward-looking statements or cause actual results to differ materially from expected or desired results may include, without limitation: estimates of the Company's future revenue, expenses, capital requirements and the Company's need for financing; the risk of legal complaints and proceedings and government investigations; the Company's financial performance; success in retaining or recruiting, or changes required in, the Company's officers, key employees or directors; current and future government regulations; developments relating to the Company's competitors; changes in applicable laws or regulations; the possibility that the Company may be adversely affected by other economic and market conditions, particularly during extended periods of low oil and gas prices, political disturbances, war, terrorist acts, public health crises and threats, ongoing actions taken by businesses and governments and resulting significant disruption in international economies, international financial and oil markets; international currency fluctuations, business and/or competitive factors; and other risks and uncertainties set forth in the Company's most recent Annual Report on Form 20-F filed with the Securities and Exchange Commission (the "SEC").

You are cautioned not to place undue reliance on forward-looking statements because of the risks and uncertainties related to them and to the risk factors. The Company disclaims any obligation to update the forward-looking statements contained in this communication to reflect any new information or future events or circumstances or otherwise, except as required by law. You should read this communication in conjunction with other documents which the Company may file or furnish from time to time with the SEC.

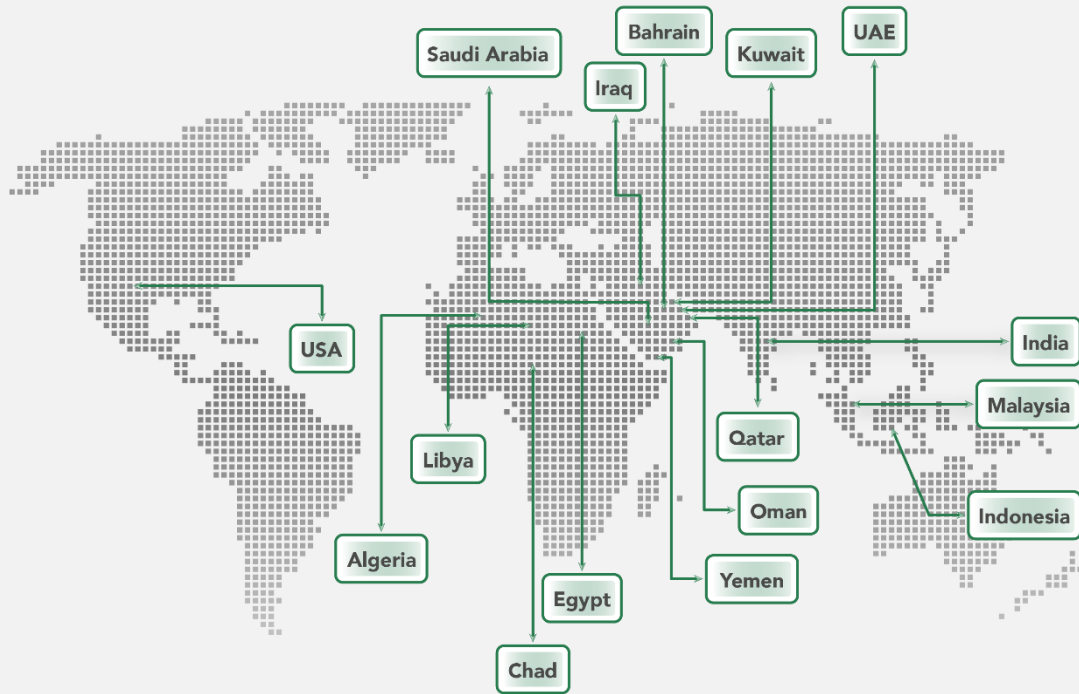

The preliminary financial results for the Company as of and for the three- and six-month periods ended June 30, 2024, included in this press release represent the most current information available to management. The Company's actual results when disclosed in its subsequent Periodic Reports may differ from these preliminary results as a result of the completion of the Company's financial statement closing procedures, final adjustments, completion of the independent registered public accounting firm's review procedures, and other developments that may arise between now and the disclosure of the final results.

Non-GAAP Financial Measures: This Presentation includes certain financial measures not presented in accordance with generally accepted accounting principles ("GAAP") including, but not limited to, EBITDA, adjusted EBITDA, Free Cash Flow and certain ratios and other metrics derived there from. NESR believes that these non-GAAP measures of financial results provide useful information to management and investors regarding certain financial and business trends relating to NESR's financial condition and results of operations. NESR's management uses these non-GAAP measures to compare its performance to that of prior periods for, among other reasons, trend analysis and for budgeting and planning purposes. NESR believes that the use of these non-GAAP measures provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing NESR's financial measures with other peer companies, many of which present similar non-GAAP measures to investors. Management of NESR does not consider these non-GAAP measures in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP measures is that they exclude significant expenses that are required by GAAP to be recorded in the Company's financial statements. In addition, these measures are subject to inherent limitations as they reflect the exercise of judgment by management about which expenses and income are excluded or included in determining these non-GAAP measures. You should not place undue reliance on these non-GAAP measures. We urge you to review NESR's financial statements, which are included in NESR's SEC Filings. Certain non-GAAP financial information included in this investor presentation is preliminary, unaudited and subject to revision upon completion of the Company's closing and audit processes. As such, potential investors are cautioned not to rely on such information, as audited results may differ materially from the information provided herein.
